Please read the pre-decodable/decodable book with your child each time one is brought home. Remember that they probably won't know all of the words at this time, but they are practicing their reading skills by tracking left to right and by moving their finger underneath the words as they read.

Please sign your name on the cover of the book acknowledging that you read it together two times. Then send it with your child the next school day. It will be their homework.

Thank you for your support in your child's education!

Ms. Buchanan
