Dear School Administrator:

The Low-Income Energy Assistance Program (LIEAP) at Action for Eastern Montana, which helps low income families and individuals with their winter heating costs from October through April, is asking for your assistance helping low income families within your school.

Based on income guidelines for the free or reduced meals program, several of your families may qualify for the LIEAP program.

Enclosed is a letter I am asking you to give to the families receiving free or reduced meals through your school. I am providing a few copies, but, please feel free to make extra copies as needed.

Thank you for your assistance in helping reduce some of the stress families can face during the winter months with the cost of heating their homes.

If you have any questions, please feel free to contact us at 1-800-227-0703 ext. 125 (Marymikell), ext. 126 (Donna), ext. 112 (Amber).

Sincerely,

LIEAP Techs

Dear Parents:

This letter is to let you know funding is available through the LIEAP program, (Low Income Energy Assistance Program) to help with your heating costs through the winter months. It does not matter if you own or rent your home, if the utilities are included in your rent, or if the bill is not in your name; LIEAP eligibility is based on your income and resources.

If your household receives free lunch and / or breakfast benefits for your children, you may qualify for this program. If your family receives SNAP (food stamps), you automatically qualify for LIEAP. Then you only need to fill out a LIEAP Application and return it along with a copy of your heating bill.

If you are interested in receiving a LIEAP application, please complete the form below and

Mail: LIEAP -AEMT
PO Box 1309
Glendive, MT 59330

Fax: 406-377-3571
